Public Comments by County

MTC Coordinated Public Transit – Human Services Transportation Plan

Below are all the comments collected from participants in Outreach meetings, through the web site, or phoned in, grouped by County and sorted by category. All comments are input exactly as worded, and all duplicates have been kept, but are sorted so they list consecutively. Where writing was illegible, the “best guess” was entered in angle brackets <x>.

This section will be completed following public input on the draft Final Report.

To facilitate organizing the large amount of information gathered, gaps were categorized under the following types: Connectivity, Facilities, Funding, Information, Organization, Other, Paratransit beyond ADA (PB-ADA), Spatial, Temporal, Vehicles.

Suggested solutions are denoted by a “-s” following the category.

Gap Type	Comment
Connectivity	Provision of transportation on discharge from hospital
Connectivity	<A> big gap in service because hospital doesn't know what time discharge will be. Need <u>free</u> discharge transportation to home.
Connectivity	Regional trips are difficult – 2 week reservations needed for some transit districts.
Connectivity	Regional – accessibly at last minute, or one day in advance easier planning transfer to other systems.
Connectivity	At this time 11 & 14 busses turn from S. Livermore onto Pacific Ave. and then turns on Dolores. It would be easier and convenient to go to the end of Pacific Ave. (in front of Senior Complex) and turn around and pick up passengers. Also go to the end of S. Livermore Ave. & pick up Arbor Vista customers. More people would ride the regular Wheels buses if this were implemented
Connectivity	Make 11 & 14 do end of Pacific Ave, turn around and down Dolores and continue on.
Connectivity	Need route pass through on Pacific Ave. to reach seniors to get to library services, etc.= maybe shuttles>>
Connectivity	Poor connections to BART
Connectivity	Coordinate bus schedules for inter-city trips
Connectivity	Low income clinics poor connections
Connectivity	Cross-town bus connections long transfer times
Connectivity	Would like to go to Burlingame without transferring two times each way.
Connectivity	Transfer points (e.g. BART)
Connectivity	No "dropped" rides at transfer points!!
Connectivity	Problems with cross jurisdictional/county travel (for Paratransit service)
Connectivity	Crossing between counties is difficult on Paratransit.
Connectivity	Reduce # transfers <on> – Paratransit.
Facilities	BART restrooms are <u>not</u> clean.
Facilities	Curb cuts <for people with> visual problems.
Facilities	Missing sidewalks <are a problem for people with disabilities and semopr>
Facilities	Parking @ hospitals – parking & pick-ups
Facilities	Need for curb cuts
Facilities	Make the street sidewalks and curb cuts better so you don't have to get a ride
Facilities	Add-ons can cause delays that make riders late
Facilities	people need to be realistic in their expectations.
Facilities	Need some bus berths closer to station entrance alongside Iron Horse Trail north of station– southbound.
Facilities	Bus stops need more lighting
Facilities	More lighting needed at bus stops.
Facilities	Lighting along Pacific Ave.
Facilities	Springtown Blvd., no seats/shelters, poor lighting, (lots of seniors)
Facilities	Bus benches need to be restored where they have been removed.
Facilities	Lack of shelters & benches at bus stops.
Facilities	Contra Costa BART Stations are unsafe, especially at night. Sometimes there isn't an agent there
Facilities	Restore benches where they have been removed, to provide place to sit and wait for bus.

Gap Type	Comment
Facilities	Businesses close – you have to wait outside for Paratransit – sometimes in the rain.
Funding	New Freedom Funds are for <u>any</u> “public transportation alternatives beyond ADA” – <u>NOT</u> just Paratransit.
Funding	Should also point out how limited the amounts of new funding <are>
Funding	Cuts in transit may leave people without service where it <is cut>
Funding	No money, no I.D. –<“Goodbye” Janet> –very much trouble. No transportation <to> BART station – no money – bad area, go home!
Funding	Using per unit cost favors people who are easy to serve so include the cost of not providing the ride
Funding	Curb to <u>door</u> support
Funding	Paratransit too expensive.- \$1.75 each way - need for lower daily rate or discount for high quantities of tickets
Funding	Please don't raise Paratransit fee because it would be too expensive to visit doctor and hospital
Funding	The coming rate increase will make it so hard to those on fixed income. Their checks only go so far. I myself spend over \$30. a month going to church, shopping and doctors. I live alone and have no family at all that take me places. I rely totally on Dial-A-Ride. Increased rates will keep me at home with no way to get around.
Funding	Cost prohibitive for people who are very low income, making multiple stops for childcare, work, shopping services, etc.
Funding	Share vehicles by overcoming insurance issues, to save costs.
Funding	Para transit unaffordable
Funding	BART is prohibitively expensive.
Funding	Local service should not be reduced to fund express bus service.
Funding	and that no one knows what happens with their funding after 2009.
Funding	<\$ ok but hope doesn't inc. again too soon>. <Cost of Paratransit ok, but hope it doesn't increase too soon>.
Funding	Housing agencies' help <is> <focused> on low income; not good <advice> <service> for more middle class people who might need to relocate.
Funding	Cost
Funding	No Medicare/MediCal reimbursement system exists to cover the cost for people receiving dialysis several times a week.
Funding	Identify ways to increase efficiency of operations to make best use of limited funds.
Funding	Specialized transportation is expensive \$ on a limited budget.
Funding	Cost of Paratransit prices.
Funding	What will the cost be for any of the three area's?
Funding	Cost of all transportation adds up when we use it regularly.
Information	Need for improved information and in other languages.
Information	Information
Information	Communication
Information	Non-English / limited English speakers being able to access and use Paratransit service not just having info in other languages.
Information	511 does not work well – difficult to navigate – need more access to real people to talk to.
Information	Drivers improving but still earning appropriate pick-up points.
Information	Braille route numbers on benches
Information	Have “public services” officers e.g. Police, Fire etc. Promote public transit and become more public transit conscious.
Information	Have “Free Ride” days for School youth to “Hook them Young”
Information	Information needs to be made more readily available to people with language barriers.
Information	Train dispatchers so they can give drivers better directions
Information	Lack of Publicity
Information	Education needed about priority pick-up or drop-off time.
Information	Develop senior and other volunteer driver programs, with defined driver qualifications and efficient operations (to minimize costs).
Information	Need better oversight of drivers, and better methods to let management know about problems.
Information	Don't know where to get San Francisco disability pass that gives you discount on BART & MUNI.
Information	Who to report to when riders do not vacate seat (ask passenger to move).
Information	Better training (customer service, safety) for Paratransit drivers.

Gap Type	Comment
Information	Attendants: finding one is a problem, paying <is> a problem. Not being able to read materials.
Information	O & M <Orientation & Mobility> training Lions Rehab
Information	Housing managers should inform residents on shuttles
Information-S	Travel training needed for seniors & people with disabilities (group and 1:1); address specific concerns for low vision, deaf/hearing impaired, frail/mobility impaired etc.
Information-S	Riders need a one page cheat sheet that lists all of the transportation services available: Include: city based programs East Bay Paratransit/link.
Information-S	Bus information sporadic at BART stations
Information-S	Post schedules inside major shopping malls, churches e.g. Stoneridge, COSTCO and other private and public high traffic locations
Information-S	Improve navigation of 511 telephone system, especially for those with disabilities and language barriers, and make it easier to contact a live person when needed.
Information-S	Travel training for seniors and people with disabilities is needed to get them off of Paratransit when possible.
Organization	Maintain key service.
Organization	More services for youth with disabilities.
Organization	Driver shortage.
Organization	Difficulty recruiting, retaining & training drivers for small & large Paratransit operators (especially Class B Drivers).
Organization	Need for drivers of vans. How do we establish program to keep driver(s)?
Organization	Lack of vendors for quick repair of wheelchair lifts.
Organization	More taxis- & better dispatching.
Organization	BAC's <Hakin> has started recreational bus service
Organization	City programs are more limited
Organization	Hard for drivers to find rider. Rider finds driver. Driver can call cell <phone> of rider if <he/she> can't find <them>. Cell phone ownership <important>
Organization	Return trips difficult to schedule - need to coordinate better with medical service providers.
Organization	Staff and others making decisions about service should actually be using the service more often.
Organization	Eligibility
Organization	No systems set up for Non-English speakers and the disabled to get rides.
Organization	Need one person we can contact in case we have problems with Para transit or drivers of Para transit. Something needs to be done with dispatch – not dependable! (Paratransit - Dial A Ride)
Organization-S	Financial incentives for drivers that will provide the service.
Organization-S	Share training programs with other organizations, to save costs.
Other	Help riders be more pro-active, when possible.
Other	Use shuttle between Vineyard Village & Wal-Mart on Tuesdays, Nob Hill on Wednesdays BUT less use for Safeway on Thursdays
Other	<Janet> in vehicle – people inside had <u>gone home</u> . Dangerous <situation> – driver couldn't find <them>.
Other	Reduce price of taxi vouchers to support growing Senior population.
Other	Drivers not courteous.
Other	Special services for students?
Other	Bus drivers need to see that seniors and disabled are seated before moving vehicle.
Other	These needs youth with disabilities
Other	Service for Deaf Blind <is needed>.
Other	Inclusion of consumer in the evaluation rating process
Other	Ensure that all stake holders are included
Other	Ensure that all age groups of people with disabilities are included
Other	<Need for better> taxi services.
Other	Seniors need to meet with dispatchers for a discussion both ways
Other	H bad attitudes- I have observed at least 3 occasions – rudeness and non-compassion for the senior riders. I think employees, especially drivers, need training in TLC and being compassionate
Other	Some drivers have "crappy" attitudes (Some riders have reduced to tears by drivers)
Other	Livermore doesn't seem to be really interested in helping seniors

Gap Type	Comment
Other	Allow escort (or info about it "riders")?
Other	Medical return trips
Other	Medical appointments
Other	More available group trips.
Other	Improve safety for school kids.
Other	Reservations operators – some could be more courteous though some are great.
Other	Paratransit dispatchers should be more courteous and better trained. Drivers need better training to help disabled riders, and need to be more courteous.
Other	Escorts to assist seniors with shopping – doctor appointments – loading and unloading groceries.
PB-ADA	Group trips for Skilled Nursing Facilities & independent housing, & assisted living facilities and any group.
PB-ADA	Grocery <delivery> in house <taxi drivers> helps people with disabilities.
PB-ADA	Need for travel escorts.
PB-ADA	Designated Paratransit stops at frequented locations (medical facilities, colleges, etc.)
PB-ADA	Supporting senior and disabled mobility is important for their health (not just access to medical care, but also physical and social activity), and the health of the community.
PB-ADA	No wheelchair breakdown service in Contra Costa County.
PB-ADA	For people who don't look disabled, it is hard to get a space to sit down on transit.
PB-ADA	Riders/drivers should not assume that people do not have a disability. <Simply because they don't appear disabled>.
PB-ADA	Paratransit Issues
PB-ADA	Buses get too crowded, which prevents people with disabilities and seniors from getting a seat.
PB-ADA	Paratransit taxi <needed>.
PB-ADA	Outside ¾ mile
PB-ADA	Service hours should be expanded to later in the evening – local and regional.
PB-ADA	Shorter more direct trips <on Paratransit>.
PB-ADA	Taxi schedules are not adhered to <no AC Transit for an hour then two arrive at once>.
PB-ADA	Longer hours of operation in evenings and weekends.
PB-ADA	Senior Housing Sites in Livermore not connected to easy transportation (Costs drive location of senior complexes.)
PB-ADA-S	Service access (i.e. amount of trip needs & quick access to transport) for people awaiting ADA certification.
PB-ADA-S	Assistance to people that need to go beyond lobby areas, i.e. 10th floor of office building or doctor's office.
PB-ADA-S	Volunteers to go with people – high school clubs, church volunteers.
Pedestrian Access	Some areas with transit/paratransit service do not have sidewalks, including Maxwell Park and Simpson/Makolumne neighborhoods.
Pedestrian Access	Improve safety in areas surrounding bus-stops near senior centers.
Spatial	Need for bus service. No service to Cerebral Palsy Center
Spatial	Special Event: Alternative routing when special events are going on, i.e. <stores> parties – City of Hayward/Chamber.
Spatial	Designated dialysis service and other regular trips.
Spatial	Pacific Avenue, long walk to services from stop
Spatial	Need transportation directly to Civic Center and library
Spatial	Transportation to Our Savior Lutheran School
Spatial	Need direct bus to Civic Center = including the library
Spatial	Gardella Plaza, We need transportation to the Transit Center. WE would like a bus stop; that is closer.
Spatial	Gardella Plaza seniors need transportation services – shuttle or taxi vouchers.
Spatial	Out of area Kaiser service
Spatial	Can't get to Del Valle Regional Park
Spatial	No transportation from Gardella Plaza to transit center (only Para transit)
Spatial	Shuttle to churches from senior communities
Spatial	The AC Paratransit goes to Orinda BART. When it was very cold and I wanted to be let out at Safeway, I was told they don't go there – even though it is across the street.

Gap Type	Comment
Spatial	Often difficult to get to recreation sites, such as Chabot Science Center.
Spatial	Need better service to Oakland Hills.
Spatial	Could Emery-Go-Around stop on San Pablo?
Spatial	Can't get to P. Senior Center (Sunol Blvd.)
Spatial	Service to Hills (especially to support <u>social</u> trips).
Spatial	Can't get to Social Security and other basic support services in Hayward, only basic services provided in Livermore
Spatial	Gap in service getting to Sunol and Nob Hill in Pleasanton
Spatial	Hilly areas in El Cerrito that are not adequately served by public transit
Spatial	Need transportation from East Ave. to Apartments on Pacifica
Spatial	Future HOV lanes in median of I-580 should have direct access ramps at least to Hacienda Drive and the future SR
Spatial	84 (????) over cross
Spatial	City program bring into service area
Spatial	Busses from Livermore and Central via I-580 could leave freeway at Hacienda Drive, go to Dublin Blvd., enter station grounds berth north of station entrance, exit to Owens Drive, then Hacienda Drive and I 580 bound exit. Fit in with future HOV lanes.
Temporal	Driver <should> check itinerary with passengers & <have> ability to adjust.
Temporal	Medical return trips – Paratransit directly related to hours of bus/BART service.
Temporal	Highland Hospital is not being served efficiently / no dedicated pick-up point for return trips and timing issues <needs> more service coordination / provisions and procedures for hospital discharges <i.e.> information clerk assisting with discharge program.
Temporal	Difficult to transfer between AC transit bus routes, due to limited 2-hour transfer time.
Temporal	Medical Appointments in Martinez, Walnut Creek Palo Alto (Stanford and VA) take too long
Temporal	Doctor's Hospital San Ramon, Highland Hospital in San Leandro (Medical) take too long
Temporal	Dispatchers need to know true time of getting on and off and distances
Temporal	Information about where scheduled ride should have estimated time of arrival
Temporal	Affordable same day device for wheelchair riders <is needed> (i.e. urgent care, emergency care).
Temporal	AC Transit often not on schedule.
Temporal	<u>Long</u> lead time to schedule regional trips between agencies.
Temporal	Last two months Paratransit not as responsible. Rider was so late he missed his class.
Temporal	Hayward: Same day service weekends as on weekdays. Area is well – served.
Temporal	Long waits for transfer from BART to bus.
Temporal	Organization of <u>scheduling</u> is poor sometimes, it keeps rider on vehicle too long. Have more direct trips.
Temporal	Being on Time
Temporal	Primary issue in dialysis is <when> the person <is> ready to go <their ride is not always there>. To do that on time performance is affected for other riders. Providers of dialysis don't know or care if transit is there for patients.
Temporal	Medical Gap: In an emergency while in your pick-up window going or returning, you need to go to the hospital but <you are> not provided with a ride home from the emergency clinic because of the same day rule. For Medical/Dental: Sometimes the appointment time extends beyond your pick-up time because of unexpected procedures <then> it is hard <or> impossible to get a return ride.
Temporal	There needs to be a clear time schedule for the rider, driver and dispatch. It will make trips run smoother and faster.
Temporal	No service on weekends and evenings, especially holiday and Sundays.
Temporal	Lack of public transit/Paratransit service on holidays, weekends and evenings.
Temporal	Same – day wheelchair accessible service <needed> throughout county.
Temporal	Weekend service for seniors to go various places <is needed>.
Temporal	Drivers – problem of not being able to find patient <when it is> time for return. If patient isn't ready, too bad!
Temporal	30 minute pick-up window is too long.
Temporal	Time spent taking public transit greatly exceeds that of driving.
Temporal	Service hours do not support times some people need to go to work.

Gap Type	Comment
Temporal	Scheduling ride home – difficulty. Could same company pick-up as drop-off? Generally good service.
Temporal	Weekday & Saturday transportation to Chabot College that starts in time to get to class by 8:00<a.m.>, leaves throughout the day – until 10:30p.m. – into the Hills (Hayward).
Temporal	Trips to emergency room without ambulance (and other immediate trips).
Temporal	Emergency wheelchair transportation service v. key-maintain.
Temporal	Safety improvements at <u>night</u> .
Temporal	Destinations to Tracy, Oakland, Walnut Creek take too long.
Temporal	Shuttles to BART too infrequent
Temporal	I live in Torrey Pine Way in Livermore and work at City Hall. I can ride my bike to work faster than taking the bus
Temporal	Later night schedules from Stoneridge Mall to all points in Livermore- Many lower income people subsidize their income with jobs and eh mall.
Temporal	Regular late night service from BART to Livermore
Temporal	Timing of transfers between and around town to medical clinic. Need more flexible services for getting seniors to
Temporal	WE need BART shuttle to BART continuously from Livermore and back
Temporal	Need same day shuttle service!
Temporal	Seniors are left waiting often. This is very hard on seniors.
Temporal	Not enough time to spend at stores
Temporal	Fixed route to Kaiser too long
Temporal	6 a.m. Kaiser Appointments Return trips from college
Temporal	<Paratransit> same day service issues / meetings ending early or no time given. Same day exceptions for meetings and appointments ending early.
Temporal	Consistency – e.g. long wait, then two buses with no wheelchair lift.
Temporal-S	Explore extension of 2-hour transit time to ensure transfer still valid during longer trips.
Vehicle	Internet...
Vehicles	Care and consideration of the number and size of riders in sedan <should be given> to cause a more comfortable ride. A choice should be given of van or sedan.
Vehicles	Paratransit needs better equipment (rains inside some Paratransit busses).
Vehicles	All busses need to be better maintained. Wheelchair lifts don't work.
Vehicles	Often times <u>wheelchair lifts</u> are broken & rider waits for functional vehicle.
Vehicles	AC <Transit> bus drivers are reluctant to put lift stairs down or they claim that the lift is broken. They pull off before you have a chance to sit.
Vehicles	Need 2 busses round trip on 15 route.
Vehicles	BART, Paratransit and AC Transit not clean or dry.
Vehicles	Sedan floor mats are slippery especially when wet
Vehicles	Wheelchair users can't carry groceries on shuttle

Connectivity	One of the biggest needs for the seniors I deal with is paratransit that will take people across county lines. It is necessary to understand that someone who lives in Antioch may be getting care at UCSF and may not be healthy enough to take BART and Muni to get there. I live in Alameda County and am a social worker for seniors, serving all six Bay Area counties.
Connectivity	There needs to be an easier way for residents to take paratransit from one county to another. Transfers can often be very confusing.
Connectivity	<p>Dear Mr. Washington,</p> <p>I am writing you on behalf of BORP, Bay Area Outreach & Recreation Program. BORP provides sports and recreational opportunities for individuals with physical disabilities.</p> <p>I am writing you to support the idea of using a portion of the New Freedom Funds for innovative projects like the Ed Roberts Campus. The Ed Roberts Campus will create a one stop shopping type experience for the disabled community seeking services from a variety of resources. As such, the Ed Roberts Campus will be a very efficient way to deliver services to the disabled community.</p> <p>BORP will be managing an accessible fitness center at the Ed Roberts Campus as well as use the ERC as the starting point for our Outings and Adventure trips.</p> <p>Sincerely, Rick Spittler, Executive Director, BORP</p>
Connectivity	The main problem many seniors and disabled people have with current paratransit systems is that they often won't take people across county lines. This requires people to transfer from one form of transportation to another and/or wait for another paratransit vendor to pick them up at a transfer point. This makes trips very long and sometimes impossible. Given the make up of the Bay Area, people often get services somewhere other than in their immediate area. Second, there needs to be a debit card approach so people don't have to pay separately each time they change forms of transportation. A one card fits all would be helpful. Third, people are often stuck in their homes because they cannot maneuver down stairs or need someone to knock on the door to pick them up. A paratransit system that will do door to door service is necessary for people with disabilities and/or hearing loss and/or frailty. Fourth, each town as well as each county has funding for little programs that no one knows about. There should be a central registry of all subsidized programs where one can look to see what is available in a given location. As a social worker, I do not always have the information to give clients and I know that clients don't know where to begin to find out what is available.
Facilities	My name is David. I'm taken Bart to School every weeks. I think that there should be extra elevator because I'm using a wheelchair. The elevators becomes smelly and many times broken down. Especially the elevator at the Embarcadero station. I see the same dirt previous day, does anyone bother clean this up?. Why it so hard to get buy Muni ticket? I mean I had to go to different agents before someone actually point to the right place. Many time I rode the bus, either in Eastbay or San Francisco some bus drivers don't know how to secure the wheelchair down. I think that all drivers should be training to secure the wheelchair on the bus. The drivers are good people. Even though they (I think don't have proper trained) tried to secure the wheelchair down. Many time some of them don't even know how to use the equipment. Two years ago, at the Daly Bart station, the bus driver. She was a friendly person. She tried to use the wheelchair lifter. She pressed every buttons. I know she did not know what she was doing. Luckily another bus, I went to the second bus. The lifters many times broke down a lot. I have to wait for another bus
Organization	As a Social Service Coordinator in Senior housing seniors come to me for assistance in getting paratransit...the process is not easy to discern. County and City and Bus and/or Taxi Vouchers...and one who has had them for 15 years is asked to reapply...coordinating is difficult without an overall picture of transportation and options.
Organization	I am a Medical Social Worker and encounter a variety of individuals with transportation needs. One major issue I have observed is that there is a 21 day waiting period after submitting an application for paratransit (East Bay Paratransit) and being eligible for the service. While I can understand the reason for this, it puts individuals who have become unexpectedly disabled at a significant disadvantage. It seems like this waiting period could be shortened and/or the service could be initiated while eligibility is being verified (i.e., give the individual the benefit of the doubt). The paratransit services are not that convenient that would make them

Gap Type	Comment
	<p>so desirable as to have "able bodied" folks abuse this. Often when a person has something unexpected happen they may have critical medical appointments within this 21 day period.</p> <p>There are paratransit services at the city level which often are set up to assist with the cost of paratransit or can "fill the gap" during the 21 day waiting period. However the application requirements and specific service varies widely among municipalities. Additionally, one particular city (Berkeley) requires a great deal of documentation as part of the application which is often very difficult for an individual who has become unexpectedly disabled to procure.</p> <p>Essentially it is quite difficult for a disabled person to complete these applications without additional support; and those with limited support are often the people who need such services the most.</p>
Organization	Sometimes the processing of paper work is extremely long to access services. If there was a way help shorten the process it would help more individuals to use the service.
Other	Our Deaf seniors in Fremont Oak Gardens do not have quality transportation. Service for the deaf is totally overlooked.
Other	<p>The Computer Technologies Program would like the New Freedom funds to be used in the SF Bay Area region for projects such as the Ed Roberts Campus, at the Ashby BART station.</p> <p>CTP, one of the partners of the ERC will offer employment training and services for people with disabilities. Accessible transportation for our students and staff with disabilities is such a high priority. CTP also relies on volunteers from bay area business to assist us in finding successful job placements for our students. This transit hub will be convenient, attracting more volunteers. CTP expects more student enrollment due to accessible public transit and easy access to other services.</p>
Other	What will the cost be for any of the three area's?
Other	Being disabled, I use cycling, AC Transit, BART and sometimes Union City Transit to get to get to work. (I substitute teach at various locations there.) I would like to provide in-depth input to your survey, but feel I would need to know more about the current services offered, the assessment of needs (including instruments of measurement--or is this survey the primary tool?), priorities for change, and what strings may be attached to the funding. Also, please explain what is meant by using the plan to leverage for additional funding. With that knowledge, I feel I can provide informed feedback worth using
PB-ADA	As a social worker working with disabled adults and the elderly, I have found dissatisfaction with the current Paratransit services that are available in Alameda County. The primary reports that I hear from clients are related to 1) reliability - they often report missing appts. and waiting hours to be picked up for the return trip 2) cost - currently the service costs more than a bus. After working in SF Co., I believe that Alameda County residents would benefit from having taxi scrip which would allow them to use mainstream taxis at a reduced cost. This would at least address the reliability problem. In regards to the cost, I believe that the Paratransit vehicles should not cost more than a normal bus trip. Alternatively, Paratransit could sell a monthly "pass" - perhaps with a capped number of rides a month? This would allow individuals on a fixed income to budget for the month. Frequently I find that clts at the end of the month don't have the money they need for Paratransit services.
PB-ADA	I would like buses that have lifts for people who use walkers - people such as myself. AC Transit's new Van Hool buses only have ramps in the middle of the bus and they have to be activated by a hand device used by the driver. Furthermore disabled passengers have to sit in the MIDDLE of said buses.
PB-ADA	Re: Paratransit. Make it more welcoming to disabled riders. There are many potential riders who need to be encouraged with free ride days, first rider days, minimal waits for the van (always), respectful and courteous drivers (always). Thank you
PB-ADA	The Tri-City area of Union City, Newark and Fremont were able to create a program for qualified elderly and disabled people to have a volunteer escort go with them to the grocery store or a doctor appt. when riding paratransit. This is a huge unmet need in other parts of Alameda County as many people are able to ride paratransit alone but need a little bit of help to maneuver their wheelchair once they get to the doctor's office or carry some groceries and help them get through the check out line at the store. Also, paratransit is serving many, many people but a lot of riders have unreasonable lengthy waits for their drivers and have reported that in some instances the drivers don't show up at all.
Temporal	As a Social Work Intern, I work with the disabled and frail elderly in Alameda County. Some of my clients experienced excessively long waits and rides with paratransit. Additionally, your collaboration with City Planning to develop communities with doctors, pharmacies, grocery shopping and senior housing within the

Gap Type	Comment
	same mall or block would greatly aid the mobility impaired. Locating such communities near BART or a public transit hub would expand the world of the disabled.
Temporal	Destinations to Tracy, Oakland, Walnut Creek take too long.
Temporal Other	<p>I see the following problems with Alameda County Paratransit: *Operators that schedule the rides only speak English</p> <p>*Poor customer service, don't have a lot of patience</p> <p>*program is not set up to meet the needs of seniors with dementia</p> <p>*the waiting period to be picked up is too long</p> <p>* it takes about 2 hours to go from Fremont to Oakland and another 2 hours to return---that's too long</p>

Comment from the web	In some areas DIAL-A-RIDE used to transport only WITHIN cities, leaving ill seniors sitting at the city boundary, waiting for cabs to complete their journey. Also, the public transportation commuters need to be able to arrive at work promptly. Can realistic schedules be devised? While I live in one county, I work in another; as many public transportation commuters.

Gap Type	Comment
Connectivity	Bus service to ferries to coordinate with ferry service
Connectivity	Ferry & buses don't always connect time-wise.
Connectivity	Lack of transit to the ferry terminals from all areas of county. Sol: increase accessibility for pedestrians & parking at Ferry Larkspur terminal
Connectivity	More transfers than before – used to be fewer transfers.
Connectivity	Poor bus connections to ferry
Connectivity	SMART with ferry service; weekend service; more frequency of bus routes (1/2 service)
Connectivity	There is no seamless system
Facilities	No place to sit/no protection from elements
Facilities	The attendee has filed a law suit against the Town of Ross because of the lack of curb cuts and ramps.
Facilities-s	Make up one bus stop standard that will be used @ all stops > mirror image of bus stop @ GGB Golden Gate Bridge
Funding	Funding shortfalls: Not enough for fixed route and paratransit. Protection for spillover revenue (state budget)
Funding	Proposition 8 money is not being used properly
Funding-s	*Use unused vehicles to fill "gaps"—problem is insurance.
Funding-s	Auto donation to rides service in exchange for rides for life
Funding-s	Co. could supply fuel for volunteer drivers
Funding-s	Consider funding for a countywide mobility manager who would work to improve the flow of information and problem solving regarding mobility issues.
Funding-s	Coordination among providers to share vehicles/insurance issues—need policy change (umbrella?)
Funding-s	Cost-reduction strategies (i.e. gas cards co.-insurance)
Funding-s	Develop better service through measure A funds
Funding-s	EJ Grants, CalTrans MTC > TOD to help out Marin Coty not only Canal
Funding-s	Free transit for seniors/disabled during non-peak hours
Funding-s	Fund Intelligent Transportation Systems (ITS) improvements such as automatic vehicle location (AVL) and other technologies that would assist with trip information; trip planning; paratransit reservations, scheduling and dispatch.
Funding-s	Funding for travel training programs for seniors and disabled who can use fixed route transit
Funding-s	Funds to subsidized fares/voucher administration
Funding-s	Gas tax transportation \$ spillover funds – (\$617 million) proposed to be diverted
Funding-s	Hospitals & dialysis centers need to provide transit for patients. Sol> Medicare—bill them!
Funding-s	Increase funding for fixed-route transit so that routes can be expanded or added that can serve locations where there are more elderly and disabled riders
Funding-s	Increase funding for paratransit service
Funding-s	Increase funding for paratransit vehicles – lower the local match required
Funding-s	Lrg % of pop that can pay for serv.

Gap Type	Comment
Funding-s	Need \$ for gas cards
Funding-s	Need for umbrella insurance policies so existing services can cooperate with each other, share clients, use volunteers
Funding-s	Subsidized taxi fare for ill or disabled people (Novato)
Funding-s	Suggestion: Marin Co. self + insure like SF
Funding-s	Suggestion: talk to Garamendi -MCTD has covered vehicles But too expensive to do all.

Information	The available <programs that assist seniors and disabled> are unknown.
Information-s	Fund senior driving training to increase driver safety as well as assistance to those who have lost their licenses
Information-s	Improve transit information including visual aids – kiosks and wayfinding signage
Information-s	Information re: shuttles—PR/mktg of transportation services -more targeted mailings
Information-s	Need “targeted mailing” to people who would use the various programs
Information-s	Need <travel> training for seniors & disabled
Information-s	Provide training for taxi drivers about working with seniors and provide monetary incentives for those drivers and owners to participate in taxi programs.
Inter-county	Can't get to MTC meetings in Oakland from Marin County. Driving it's 45 minutes. On the bus, Terra Linda to central SR, the 40 to El Cerrito, then onto BART to Oakland. No straight route.
Inter-county	Whistlestop will take him to MTC, but E. Bay Paratransit will not bring him all the way home. Goes to El Cerrito / del Norte.
Organization	Board or Commission for taxis Marin made up of public not agencies
Organization	Communication gaps between <illegible> paratransit services—especially <S.Rosa> & East Bay
Organization	If Marin CIL is not providing adequate service, people can call CIL in Berkeley and get service.
Organization	Lack of coordination among paratransit services.
Organization	There are four different agencies in Marin – Marin DPW, which oversees the Marin County Transit District (MCTD) and Transportation Authority of Marin (TAM), and then Golden Gate Transit (GGT). All these agencies mean inefficiencies, diversion of funding, and non-transparent planning.
Organization	too many residential facilities w/o ability to fund own transport depend on paratransit. Sol. Need their own vehicles or share vehicles w/other facilities and all resources available
Organization-s	(Seattle, Kings Co.) Use retired PT vehicle - receiving agency provide % age of trips to donor's clients
Organization-s	Allow San Fran, Oakland, Berkeley, etc. taxi co's vie for Marin County permits.
Organization-s	Increase volunteer transportation programs
Other	City of San Rafael prime lead example for county to follow!
Other	Drivers need better training, they drive around lost.
Other	Look for a way to offer transportation for developmentally disabled on an immediate need basis—sudden illness—no time to arrange days ahead with Whistlestop.
Other	Other: Too many studies, too much <bureaucracy>.
Other	Transit time is still too long for frail <&> chronically ill elderly to use paratransit services.
Other	What happens in xx <times> of emergency
Other-s	Carpool programs for seniors
Other-s	Have a volunteer org. who asks “public” to use their own car(and insurance) and volunteer to transport seniors, etc. for a certain period of time
Other-s	Increased bus stop & more frequent stops (Novato)
Other-s	Jitneys on a micro-business/self-employed basis

Gap Type	Comment
Other-s	Long commute times on transit—heavy traffic commute hours—Solution: 1. <buses> on highway shoulder. 2. multimodal transit—rail & trail
PB-ADA	Disabled folks not certifiable
PB-ADA-s	need Community shuttle service for non-drivers (transit-dependent)—for “out-of-range (beyond ¾ miles) seniors, disabled & other non-drivers
PB-ADA-s	Community shuttle service—transit dependent/general purpose addition capacity for ADA and senior paratransit service (beyond ¾ mile, evenings weekends)
PB-ADA-s	Extend Marin County mandated ADA to <u>two</u> miles from fixed route (or more). Just consider a wider profile.
Pedestrian access	<Ped> limits to ASA access on Sidewalks No sidewalks
Pedestrian access	I live in Tam Valley, right off Shoreline Highway; just up a steep hill @ a blind corner. The hill is too steep for wheelchairs to navigate without zig-zagging. Wheelchairs cannot be seen by drivers turning onto my street. There is no crosswalk at my corner. There is no sidewalk on the north side of Shoreline Hiway. There is not a usable (full-width) path of access from Pine Hill to Tam Junction on the South Side of Shoreline.
Pedestrian access	In Novato, ½ block from City Hall, De Long Ave., north side, the sidewalk ends, then there are 3 utility poles in the dirt. Completely impassible by wheelchairs. <See our photo library for stop# 699 - VT>
Pedestrian access	No sidewalks <limit ADA accessibility>
Pedestrian access	On Civic Center Drive, east on N. San Pedro, several ramps have utility poles placed in the ramps. < See our photos for stop # 599; may be fixed by now >.
Pedestrian access	Sidewalks: not enough funding available. not enough staff to enforce current laws
Pedestrian access	There are no sidewalks in Tam Valley. The bus stop is over 3.4 mile away, so paratransit won't come up that far.
Pedestrian access-s	Improve pedestrian and disabled accessibility with improvements to sidewalks, walkways, intersections and bus stop improvements.
Spatial	Can't get to the ferries on fixed-route because there are no workable shuttles to the ferries.
Spatial	Cannot get from S. Marin (Mill Valley) to Marin General as they used to on the old route 211. You have to take the 29 north to San Rafael, then come south. It's a 2-hour trip.
Spatial	No public transit to get to public meetings.
Spatial	North bay taxi-wheelchair service is good—hope it is inter-county
Spatial	Spatial Gaps: limited ferries—not enough—& lifts break down
Spatial	There is no direct fixed-route to College of Marin as there used to be (the old 1)
Spatial-s	Amen to limited shuttle routes—how about partnerships between MTA & various cities/counties. Buses go down major N/S routes, shuttles/jitneys go E/W.
Spatial-s	Community shuttle service for non-senior, non-disabled, people who do not drive (transit <illegible>) (Novato)
Spatial-s	Services should be provided door-to-door, not curb-to-curb. Whistlestop Wheels does this.
Temporal	Additional capacity for ADA and seniors paratransit—increased hours & weekends (Novato)
Temporal	Fixed route transit takes too long. For example, from Terra Linda to Greenbrae is over an hour on the bus on weekends (about 10 minutes by car). It takes too long to get anywhere if you actually have to run your life.
Temporal	Fixed-route used to be usable, is no longer. Whistlestop takes too long.
Temporal	Golden Gate needs to drastically increased hours seven days to Marin General for all people regardless of income level or where they live. (Marin General Hospital)
Temporal	I am the one who broke the barrier against having people using wheelchairs as ushers at various theatres, & the Opera House & Davies Hall in SF. Now, because of limited evening svc of <Golden> Gate Transit <to>, I can no longer take paratransit to see any performance, much less usher!!! What a good example I am!!!
Temporal	Lack of bus service to Marin General Hospital Patients get turned loose when buses are not running No Sunday service

Gap Type	Comment
Temporal	Limited ferries
Temporal	Redo local bus times to meet all ferries
Temporal	Temporal Gaps: What emergency transportation services are available (i.e. Louisiana-style problem)
Temporal-s	Emergency transportation esp. same day
Temporal-s	Greater frequency & local service more than 1x per hour
Temporal-s	There are no mid-day shuttles on N. San Pedro to get people to central San Rafael transit center. If there was a mid-day shuttle, then all those people in the convalescent homes and senior housing on that street could get paratransit.
Temporal-s	A continuous bus system running 24/7 through out county of Marin
Vehicles	Accessible car-sharing
Vehicles	Gaps <in> Marin. Not enough accessible taxis subsidized! Solution: taxi ordinances to require cab companies to provide accessible taxis
Vehicles	Have insufficient equipment, insufficient tie-downs. Are in bad repair and are "filthy". Drivers wear filthy uniforms. (E. Bay Paratransit)
Vehicles	Not enough accessible taxis; 2 accessible vehicles, i.5 trained drivers.
Vehicles	Programs assisting seniors & people with disabilities lack "accessible" vehicles.
Vehicles	This project has been "under study" for almost 10 years & no accessible taxi svc has really gotten off the ground
Vehicles-s	Increase accessible taxi services – more funding to purchase vehicles

Comments from the website:

I am a care manager for the Marin MSSP program. All of my clients are elderly, low income and have multiple health problems. For the past approximately two years, I repeatedly have gotten bitter reports from my clients as to the poor service of the Marin Whistlestop Wheels. Common complaints are that they have to ride for very long periods of time while other passengers are picked up or delivered to their destinations, that the van arrives earlier or later than planned, that WW calls at the last minute and changes the time. The most common complaint is that, following the medical appointment, the client may wait up to 2 hours for the WW van to arrive to take them home. Our program often ends up having to pay for taxi rides, which are very expensive, as our clients cannot tolerate the long rides and the long waits for the WW van.

I am a Care Manager with the Jewish Family and Children's Services in Marin County, San Rafael. In my caseload I have many disabled adults, between the ages of 18 and 95, with a variety of disabilities, including walking with a cane or a walker to being wheelchair bound. These clients have many transportation needs, from medical appointments to grocery and other shopping, to therapy appointments and socialization opportunities. They often live far from family members, and the available transportation options are mostly limited to Whistlestop and Drivers on Call. Neither of these services are a viable way for them to get their transportation needs met: Whistlestop often adds between 3 and five hours of waiting/driving time to their appointments, which makes the length of time they have to be out in community too long for them. Along with their outward appearance of disability, there exists a great inner weakness, a loss of physical and mental stamina that renders them homebound, unable to withstand a seven or eight-hour outing. Taxi service is expensive, and for some impossible, both financially and practically, as the taxi will not accommodate an electric wheelchair. Public transportation presents the same difficulties.

What is needed is a service which can provide more rapid transit from their homes to their appointments. This will require a greater number of wheelchair accessible vans than Whistlestop is providing. What is also important to note is that Whistlestop drops the client off at the entrance to their doctor's office, and many cannot open the door, nor do they have the mental capacity to remember where in the building the doctor's office is located.

For these people it is very important that someone accompany them all the way into the office. Then, as the weather may be cold or raining, they should not have to be waiting out of doors for pick-up. Perhaps a vibrator, such as is used in restaurants would be helpful for them to be notified that the bus or van has arrived.

Thank you for helping the disabled and infirm members of our community.

How much will it cost the taxpayers to get Nelson Nygaard to go away, paying them to do something has not worked. From non accessible meetings, to policy development like the accessible taxi's that is thirty years out of date to hiring Connie Sorter whose work has ensured poverty for thousands of people with disabilities. The company is for ever studying which means nothing is ever done. We did focus groups independent of public funding years ago and it is still the same, only worse. The money spent on this could actually be used to help people instead of continuing to ask the disability community to sacrifice its ability to get to work so a few policy leaches can make a living studying how they are going to. It would not be so sick if Nelson Nygaard led the way in better benefits so we can eat while they make money studying us forever.

We need accessible taxis and a transit system that has reasonable headways so you can actually use it to get somewhere during a day. Trips on public transit take far too long because of too many transfers, long wait times, attrition of service or no service to some areas. Same is true of paratransit. They don't serve those which public transit doesn't serve. That locks alot of people living in outlying areas access to public transit, particularly if they are elderly, poor or disabled or for some other reason cannot drive. Their only choice is to hitch hike out of those outlying areas if their cars break down or they can't call a friend or neighbor or they have to go somewhere and can't drive. This really needs to be rectified, and soon. We have passed measure A to improve our transit system, and yet I have seen no improvement at all!! Instead, more cutbacks are occurring and the whole situation is truly outrageous!!

Connectivity	Amtrak bus goes to Martinez where he wants to go, but won't take him unless he has a train ticket. Even when he does, not all of the Amtrak buses are wheelchair-accessible.
Connectivity	Connections to Vallejo need to be improved; also connection to the mall in Fairfield.
Facilities	Public (not staff) bathrooms at the bus station
Facilities	Some facilities are not accessible, and the only way a person can access, i.e. Napa Valley College, is with a personal attendant.
Facilities	Street problems need to be addressed to each <u>city</u>
Information	More funds for outreach; mailers with bus routes, maps, info for entire Napa County
Information	Weekend service is available, however, many seniors are not aware or they choose not to use the services on the weekends.
Other	At capacity, especially at peak times.
Other	Community-based programs rely on subscribe trips for access to their services.
Other	Policy / accessibility that reflects Olmstead decision for keeping people in the community.
PB-ADA	Service lacking in all communities are – non-ADA trips for elderly. Transit-dependent elderly who are <u>not</u> disabled have unmet door-to-door services.
PB-ADA-s	NCTPA is acquiring new software, Trapeze, that will assist in filling gaps
PB-ADA-s	NCTPA is instating a new no-show policy that should free up seats.
Pedestrian access-s	The VINE consumer advisory committee (VCAC) has a subcommittee that has selected many parts of the county that need bus stops and shelters.
Spatial	(and cost) Cost of transportation to the healthcare (Drs and clinics) – special bus
Spatial	Rural counties such as Napa have fixed-route needs between service areas that are not being met.
Spatial-s	Napa <u>City</u> Flex Ride
Temporal	Ⓐ Non-ADA eligible don't have enough service
Temporal	Excess transportation times for communities not located within core service area, due to capacity issues and Ⓐ growth and congestion
Temporal	Need better transportation for non-ADA's seniors on the paratransit
Temporal-s	Currently NCTPA has an RFP to hire an organization to redo the (fixed-route) schedule.
Vehicles	Ⓐ taxi service for people in wheelchairs
Vehicles	No taxi wheelchair service

Connectivity	Connect with BART and other transit comp<an>ies to make schedules work. I.e., get off the BART at 3:15, and the bus left at 3:14.
Connectivity	Create system so that all areas of the city are well covered, especially by cabs
Connectivity	Eliminate transfers from San Francisco Paratransit and Redi-Wheels
Connectivity	Hospital discharges coordination and transporting
Connectivity	Taxi services as safety net for fixed rate users who have great difficulty using fixed rate
Connectivity	Use SF model of collaboration
Connectivity-S	Solution: For admission and discharge, ER's (should) to use non emergency medical transportation. There (are) many companies in SF – use smaller companies they are more efficient and less costly for tax payers
Facilities	Enforcement of taxi stand regulations so cabs can get to curb (get rid of lines)
Facilities	Paratransit vehicles able to use bus stops to board & off-board.
Facilities-S	Audio pedestrian signals and products that are universally designed to include all people and abilities.
Facilities-S	Create mini taxi stops at senior locations
Funding	\$
Funding	A merit pay-incentives for quality service
Funding	Grant process can conflict with sustainability goals
Funding	How to advocate for more \$ in New Freedom (and others)
Funding	Increasing funding must be a priority (Pelosi)
Funding	Need to know cost before measuring community support
Funding-S	Funding incentives to for profit providers of ramp taxi services. Including drivers, medallion holders and companies
Funding-S	Incentive pay for ramp taxi drivers – 5 – 1- per wheelchair pick-up
Funding-S	Incentives/rewards for service providers. Public rating for taxi companies for service to special needs committees
Funding-S	Raising salaries of Paratransit drivers
Information	511 include all bus info!
Information	Education/between social workers & hospital staff for transportation needs when leaving the hospital disabled
Information	The taxi driver should tell the passengers that he was the assigned to service said passenger
Information-S	A lot of people don't know what kinds of special services are available for seniors and handicapped people – more information and publicity should be provided.
Information-S	More outreach and opportunities to provide information regarding problems experienced
Medical	Assistance with persons of Dialysis from home to destination.
Medical	Availability for hospital discharges
Medical	Gurney service to and from hospital or medical treatment.
Medical	Need transit for hospital discharges

Medical	Pick up from hospitals when you have a procedure and can't go home by yourself by transit.
Medical	Transportation for people going home after an out-patient procedure: Hospitals won't let you go home unless somebody comes to get you. So I have to find somebody with a car to take me home. We need some form of transit for people in that situation.
Operations	Also the bus driver should announce verbally "front section is for seniors". The signs are posted but they choose not to read it. Too many times I see young people are not yielding to the elderly especially to the handicap.
Operations	Fare subsidies for low-income seniors and disabled
Operations	Gaps – Reliability (lack) hinders usage
Operations	Have drivers pull to curb (not 3 ft away) to step onto curb < bus?>
Operations	Have drivers to ask young people to give front seats to older people to sit down, not watch them to try to stand and swing from the strap on the bus.
Operations	Lift caps on taxi scrip programs
Operations	No 14 bus says Daly City on front, but often the sign on bus is changed while in transit to Lowell.
Operations	Problem: When bus stops are of island type (Market "F" Line etc) and are totally taken up with passengers waiting to board. The bus may stop, open the door for would-be passengers, at beginning of island, close the doors and take off without picking up would-be passengers actually waiting at the end of island.
Operations	Quicker implementation of single fare mechanism Translink
Operations	The only thing I object to is the driver will be talking on the cell phone. And the second thing I don't like is a driver will "visit" with "friend" while driving. Most drivers are very courteous.
Operations	To be fair to most of the bus drivers they do a good job. But too many of them let non-paying persons on the bus. Even those persons on the buses who ride these buses many times know many who get on without paying a fare. These persons are paid to see that persons pay the fare, but need to do a better job.
Operations	Waiver allowing seniors and persons with disabilities to call for taxi service that is accessible and accepts their method of payment.
Operations-S	Muni bus #4 almost empty on California (has #1 already). Use money for other routes that need more service (#33, #43, #44)
Organization	(Out of control fraud) Too much fraud with out of control
Organization	Debit card swipe for cabs
Organization	Enforce Muni ADA regulations lower steps, etc. Also buses have to stop at stop
Organization	Have incentive programs funded to encourage ramp taxis to see benefit in assisting
Organization	Incentivize ramp taxi drivers
Organization	Lion's Center (should not be) taking tickets (away) from seniors
Organization	Sensitivity training for all individuals involved with transportation for people with disabilities and elderly
Organization	Urgent need for taxi service centralized/computerized dispatch accountability/ enforcement for timely pick-up
Organization	Use of catchment area for senior services
Organization-S	Accessible cabs should be able to cross county borders if accessible cabs are not available in that county.
Organization-S	Improve communication between transit companies and the passengers
Organization-S	Improve drivers training
Other	Also – Educate your drivers to be polite and caring. If you want less cars downtown pls try and improve the bus service. More buses are better than less. I hate waiting and freezing. I love riding the bus. J
Other	Enforcement of ordinances to create a safe and healthy environment around transit shelters.
Other	Get Muni to go to the curb to let people off.
Other	Husband and wife (of) 25 years or more accepted for taxi scrip. One die(s) other has to reapply and start all over new. Reapply – wait for approval, hopefully (at) the time (the spouse) is not thinking of transportation. Should be able to move into slot for taxi scrip and continue using. At this time, they are not thinking of transportation until it's needed again.

Other	Mandatory pick-up of seniors and persons with disabilities <by> taxi operators.
Other	Measures to improve safety at bus stops.
Other	Measures to make transit safer for seniors and persons with disabilities
Other	Muni drivers need more sensitivity training to lower steps for physical handicapped. Especially hard if they stop way out in the street – not at the curb – despite no cars blocking!
Other	Other passengers could report inappropriate behavior of bus drivers
Other	The ability of ramp or sedan taxi to stop, unload and transport disabled passenger without getting ticket while parked in blue zone. Like a special unloading placard (that says) “good for 10 minutes”
Other	Training
Other	Vehicle ticketing in loading zones
Other	We need affordable and reliable paratransit services!
Other-S	Training and election of drivers that are more sensitive to the needs of the seniors/disabled population
Pedestrian access	Cell phone, driving, walking, seniors driving
Pedestrian access	Enforce sidewalk repair problems so people can get to bus stops safely
Pedestrian access	Enforcement of laws regarding parking, bi-cycles and skateboards
Pedestrian access	Enforcement of xwalk laws for pedestrians
Pedestrian access	Implementation of ADA standards for length of ramps for accessibility – otherwise highly dangerous.
Pedestrian access	Improve infrastructure of cross walks and boarding areas (fill potholes)
Pedestrian access	Longer timing of lights to cross street
Pedestrian access	Need for longer crossing times, upgraded signals
Pedestrian access	No turn on red lights, (unsafe for pedestrians)
Pedestrian access	Service staff to help frail and handicapped to door of destination
Pedestrian access	Unfortunately the stopping points for our buses have moved to the middle between two streets rather than at the end of the street – how would you like to climb a hill with a crutch or your walking stick just to get on your bus?
Pedestrian access-S	Longer time limit for pedestrian cross walk light signal
Pedestrian access-S	Transit bulbs to be installed to create better access and continued flow of traffic.
Spatial	(There) May be pockets not adequately served. Maybe less emphasis on big numbers
Spatial	The taxi driver should fetch the passenger in accessible places where passenger cannot walk
Spatial	The Third Street Light Rail was originally planned to extend to Chinatown, near Clay Street, but I have heard recently that due to financial consideration, the plan may be aborted. The extension project should go on, it will be beneficial in the long-term, do not be too short-sighted and prejudicial.
Spatial-S	Buses to re-route closer to senior housing / centers.
Spatial-S	Busses should make stop near senior centers and nursing homes.
Temporal	Additional group shopping trips, etc
Temporal	Improve ramped taxi service, to eliminate long waits
Temporal	More taxi service GPS on all cabs
Temporal	Please read and digest. After 9am, the buses are few. I have to wait 45 min for a bus on Sutter and Buchanan to take me downtown or sometimes to the doctor. We need more buses to run 15 min apart. Muni is to serve the public.
Temporal	Save day service for urgent needs
Temporal	Sometimes a bus will show up – and a couple of minutes another bus will show up – poor scheduling – however, I think Muni is the best thing invented since Bubble Gum!
Temporal	They don't stagger their busses. #22 bus runs through with 3 buses. If you miss the last bus then you have to wait more than ½ hour if the next bus will even show up. Sometimes the bus won't even stop if you're the only person there even though the bus is very empty.

Other	I am a social worker at Jewish Family and Children's Services, working with adults under age 60 with disabilities. I would like more information on this study, how we can participate and potentially benefit. Thank you.
PB-ADA Temporal	Paratransit services would be much more useful to seniors and disability if they assisted clients in getting out of their homes; actually coming to the front door and helping them out to the vans, and then assisting them in to their destination. Increasing the reliability of the services is also needed. Too many seniors that I work with are reluctant to use paratransit services because they have had negative experiences: paratransit either not coming to pick them up or being too late. This keeps seniors and those with disabilities isolated in their homes and prevents them from using other services in the community.

San Mateo County

San Mateo PCC Meeting, January 9, 2007; no online comments as of 3/28/07.

Gap Type	Comment
Connections	Poor connections with BART and CalTrain
Facilities	Weather shelters needed
Funding	GGRC goal for people to become independent is not served by transportation resources. Need more resources.
	Lack of use of 5310 money in San Mateo County
	Need more dedicated funding for ADA paratransit
Information	Alternative language needs for seniors (lower priority)
	Communication gap about all services – buses, trains, etc.
	Gap between counties about communication. Don't know about services in other counties – how to transfer
	Improve public awareness
	Need comprehensive Information and referral telephone hot line for assessment and referral to all services for seniors and persons with disabilities (housing, paratransit, etc.)
	Need for customers to understand service parameters (i.e., paratransit ride time)
	Need web site with comprehensive transportation information (public, private, social services, other counties)
Inter-county	Inter-county transportation – length of time
	Need options for inter-county trips for ADA-eligible riders
Organization	Need a countywide non-profit agency to coordinate public and human service transportation. Find and train volunteers, access funding not available to public agencies, and develop volunteer services, including escort services.
	Need more private non-profit based volunteer ride programs to augment fixed route / ADA paratransit and fill gaps
	Problem: School transportation on the Coastsides (Cabrillo School District) is limited. Costs \$300+ per family per year to support school buses.
Other	Higher density along El Camino corridor
PB-ADA	¾ mile limit gap – for example, Redi-Wheels doesn't travel beyond ¾ mile of fixed route. No service for people living beyond ¾ mile, for example, La Honda
Pedestrian access	Curb cuts – need to be highly visible, painted bright colors
	Identify curb cuts – not enough of them, need on both sides of the street
Population served	Also, concerns over those residents who fall between the cracks and are not qualified for paratransit services.
	Chronically ill – unable to drive, need transportation
	Mandatory evaluation after 70 years of age
	Mental Health patients – non-violent – need understanding; meds and condition prevent them from driving!
	Social stigma to using transit – Asian community especially – overcome “pride”
Reservations	(a way to) Communicate with waiting driver – “I’m here and coming”
	Call forwarding
	Longer hours for Redi-Wheels reservations, and more operators
	More paratransit reservationists
	Reduce / eliminate “stand-by” Redi-Wheels rides
Spatial	Door-to-door service
	Gap – BART to San José

Gap Type	Comment
	Inability to get true door-to-door service within large properties / complexes: - info shared on specific locations within large properties / complexes - charge provider with responsibility
	No transportation provided to work sites. RediWheels is not reliable for work trips, and clients cannot wait independently for Redi-Wheels. Work sites are far-flung (e.g. HOPE in E. Menlo Park).
	RE: new developments – shuttle system within a new complex has to be considered i.e., new Mariner's Island proposal. Developers should consider this before building. <Note: This could refer to service, or to the ability to accommodate larger vehicles as stated in another comment>.
	Shuttle service
Temporal	<u>Gaps</u> : Paratransit demand exceeds capabilities Inconsistent timing for agency routes pick-up and drop-off <u>Solution</u> : purchase call-ahead software Free public transportation for everybody – bus service and paratransit
	Loss of Opportunity Center on Coastsides – less hours, e.g., no evening service
	Medical trips on the same day
	More bus service routes on rural SMC
	More service, more vehicles
	Need same-day reservations (like Outreach) for Redi-Wheels
	Same < level? > of service Coastsides as Bayside
	Same-day service
	Service gaps: - not enough vendors - use of existing vendors exceeds 1.5 hour travel time limit - Redi-Wheels fills the gap sometimes - TT sometimes useful
Vehicles	<Increase> capacity to meet the needs of consumers with larger mobility devices, difficult pick-up locations (access).
	Also, the city should work with SamTrans in obtaining vans and/or shuttle.
	Need more accessible cabs or other private transportation options
	Spec < ify > vehicles to accommodate scooters

Santa Clara County

Santa Clara County outreach meetings:

- Santa Clara PCC (VTA / CTA) Meeting, February 7, 2007 – 20 attendees
- Santa Clara Council on Aging Meeting, February 5, 2007 – 40 attendees
- Comments from the web site with county of “Santa Clara” selected

Gap Type	Comment
Connectivity	Better connections on busses
Connectivity	Better service on outreach connections
Connectivity	Inter-county trips don't work well—should be more user-friendly.
Connectivity	It is very hard to make Paratransit trips to neighboring counties, e.g. to Oakland or to the coast.
Connectivity	Outreach made available for social events, better connections on busses, better response time of Outreach, Trains – no help with baggage – no public bus light rail connection
Facilities	VTA should budget for bus stop improvements, giving priority to stops used by a lot of people with disabilities.
Facilities-s	VTA have a budget for bus-stop shelters place bus shelters (as a priority) at stops for disabled riders & seniors (not done currently, where clear channel, since they are providing)
Funding	Affordability of transit service.
Funding	Affordability: significant barrier to low income seniors is cost of public transit & paratransit services
Funding	Funding requirements should not be so stringent that 5310 recipients are unable to serve their own clientele properly, or so stringent that agencies are discouraged from applying for funding.
Funding	I have heard that other cities in Northern CA have Senior transportation models that work i.e. Roseville but we don't know how these are funded.
Funding	Outreach is very interested but insurance costs are a large impediment
Funding	Same Day Urgent.- Not affordable
Funding	Santa Clara County Board of Supervisors states no funding for Senior transportation. We are trying to encourage them to establish a coalition of Community and business leadership to identify needs and sources of funding
Funding	The expense of providing service is increased by the fact that different funding services have different eligibility requirements, multiple reporting requirements, and multiple audits. These things also make it hard to coordinate.
Funding-s	Dial a Ride: picked up to take you to a bus line or light rail
Funding-s	Outreach asked if the City of San Jose would cover the cost of insurance for volunteer drivers for this project to move forward
Funding-s	Some Sr. Cts. offer limited van transportation to seniors in the neighborhood of a center. Can this service be expanded. A modest investment would go a long way
Funding-s	Use jitney size bus for Los Gatos, Winchester to Wimbledon to Wedgewood to Lora
Information	Access to transportation for non-English speakers
Information	Explosive growth of very low income non-English people with disabilities and Seniors. Language barriers for providing services.
Information	Help for the rapidly growing number of non-English speaking, low-income seniors—includes transportation and assistance with obtaining services of all kinds.
Information	We did not see a report on the trial project or “taxi tickets” that was initiated 6 months ago.
Information	White House Conference on Aging. California delegation made transportation #1 we need to work both together we need to work on providing transportation for those seniors that have decided to give up their keys and not drive anymore and still want to remain active in the community and not become isolated

Gap Type	Comment
Information-s	Call-Out service for paratransit whereby an automated phonecall is generated to alert disabled/senior riders that their ride is <u>X</u> # of minutes away from picking them up.
Information-s	Would like "call outs" alerting Paratransit riders when their vehicle is coming.
Organization	Create a priority, Implementation of any plan, can a prestigious committee be organized to coordinate the above suggestions, seniors without drivers licenses
Organization	Issue of liability for volunteer driver serving frail elderly – have to cover volunteers?
Organization	There needs to be statewide coordinating council and organized legislative advocacy by MTC and others to obtain dedicated funding for transportation for seniors and people with disabilities. (Katie Heatley promised to send e-mail with more on this and other issues.)
Organization	VTA policy requiring mandatory tie-downs means that courtesy stops delay buses.
Organization-s	Catholic Charities provides transportation to medical appointments and grocery shopping in So. County (Gilroy), volunteer driver remains with client – not available for personal trips, i.e. beauty appts. Limited number of trips per month.
Organization-s	Coordination countywide of projects like "road runners" for hospital Srs can get trans to Dr. appt and left hanging to get home - need a one hour window
Organization-s	More use of volunteer drivers – assigned to 1 or 2 seniors to take shopping or physician etc.
Organization-s	Please do not limit solutions to bus/transit Suggest that you look at alternatives i.e. volunteer drivers
Organization-s	Seniors who give up their drivers' license need help. Best bet are volunteer drivers organized by neighborhood Help is needed primarily with liability issues
Organization-s	the City of San Jose Dr. Citizens Commission has explored with VTA & Outreach a volunteer driver program
Organization-s	Use volunteer-driver, demand-response service to take senior home from shopping because of difficulties carrying groceries.
Other	All of the gaps identified for the City of Gilroy are applicable to the City of San Jose as well as the rest of Santa Clara County. They seem to come directly from the survey addressed in "Community for a Lifetime", the ten-year strategic plan for seniors in the City of Dan Jose and the County as a whole.
Other	Bus drivers don't call out stops.
Other	Continuation of door-to-door service for paratransit permanently.
Other	Coordination requirements need to make allowance for user groups that it may be problematic to mix, for example teens with severe emotional issues who are being taken to jobs.
Other	Fulfill mandate to transport srs who can't drive or shouldn't drive, but don't yet qualify for paratransit
Other	Implementation - ASAP
Other	It appears that any rural residing person has problems with transportation – I think Gilroy should collect the support to provide trans- and ask the County to set standard
Other	Outreach for social events
Other	The items listed for Gilroy are true for most other areas as well.
Other	VTA and Outreach <ol style="list-style-type: none"> 1. too costly for seniors 2. language barriers 3. timeliness of Outreach 4. Lack of assistance for seniors, wheelchairs and other on VTA 5. Safety – restraining belts for wheelchairs 6. problem with connections, transportation, to Valley Medical Hospital in San Jose
PB-ADA	Continue door-to-door Paratransit.
PB-ADA	Cooperative agreement to bring people from home to medical-facilities. Medical transportation that exceeds ADA.

Gap Type	Comment
PB-ADA	Dialysis patients may miss their Paratransit ride home because they have not been released by the center due to continued bleeding.
PB-ADA	Door to door service.
PB-ADA	Getting home from medical facilities is a problem if you don't have someone to accompany and wait with you, since Outreach only goes to the lobby door to pick up.
PB-ADA	Paratransit doesn't make connection to BART.
Pedestrian access	Crossing lights are not long enough for people with disabilities.
Pedestrian access	Gilroy's safety commission should be contacted regarding unsafe pedestrian issues.
Pedestrian access	Lack of curb cuts and <crowns> on roads are barriers to wheelchair users and visually disabled.
Pedestrian access	People who use wheelchairs and with visual impairments need to use Outreach because of sidewalk barriers—e.g. trees, cobblestones, and bricks in Palo Alto.
Pedestrian access	Problem with the location of bus stops serving senior centers in the City of San Jose i.e., Northside Community Center. North 6 th street in San Jose has a low-income senior facility co-located. When the center was remodeled, the bus stop was moved but now that the center has been re-opened, the bus stop is now too remote. Seniors are unable to shop for groceries or fill prescriptions as they are unable to walk to the nearest public transit. VTA is reluctant to return the bus stop to the front of the center because they are not convinced that he ridership from this stop would make it worth the effort. The senior residents brought this issue to the City of San Jose Senior Commission last year and it has still not been resolved. Due to the lack of funding, the senior transportation Pilot Program through Outreach has been unable to serve these needy people.
Pedestrian access	Saratoga Shopping Center has no paths for people in wheelchairs.
Pedestrian access	Sidewalk improvements in San Jose
Pedestrian access	Sidewalks near emergency exits, for example from movie theaters, are sometimes not accessible (lack curb cuts).
Pedestrian access	There are no provisions for people who use wheelchairs to get around in some shopping centers.
Pedestrian access-s	Lengthen time on signal lights to allow slower people to cross safely. Also show seconds
Pedestrian access-s	Review programs to assure pedestrian signal lights/timers give adequate time for each intersection
Pedestrian access-s	Yellow lights/& crossing times must be longer
Population served	All seniors do not qualify for paratransit yet have similar transportation needs. Must also have demand-response system for seniors
Population served	Many frail seniors need escorted assistance
Population served	Many seniors have asked for escorted transportation that includes help shopping, etc.
Population served	Most seniors do not use fixed-route public transit. There needs to be transit solutions beyond fixed-route solutions; for example, demand-response, volunteer driver, etc
Population served	Riders for non-disabled seniors who have voluntarily surrendered their driving license
Population served	Transportation needs of seniors who are not disabled but have given up their drivers licenses
Population served	Transportation to senior centers especially if you do not qualify for Outreach
Population served	People who do not qualify for Outreach – something to cover the gap – all senior coverage
Population served-s	City of San Jose Sr. Citizens Commission is exploring Paratransit for Seniors who are not disabled but should no longer be driving. We do not want them to be deprived of socialization and doctor visits. We have explored a volunteer driver program that originated in Portland Maine that has been implemented there and also in Charleston, Orlando & Santa Monica, CA. The State of California is looking to implement this program Statewide.
Spatial	County to county transportation for IHSS workers and for seniors and disabled who need resources (medical, day health, day care, shopping, whatever in other county

Gap Type	Comment
Spatial	Courtesy stops closer to riders' destination.
Spatial	Door to door service to include the companion (included in the fare)
Spatial	Getting to activities and events
Spatial	Gilroy certainly needs help. But the < > outline omits numerous major population centers, such as East San Jose. We need to be sensitive to the < > Filipino and Chinese elders
Spatial	More "courtesy stops" on fixed-route (i.e. not at bus stops for convenience of wheelchair users).
Spatial	Near grocery store – mail boxes
Spatial	Not just South County – although south county has some dire needs and should be addressed – the entire county has need for all of the service gaps – costs need to be adjusted for all – coordinated services must be appropriate for all
Spatial	Outreach survey of seniors found that 90% need demand responsive transportation to medical appointments because they cannot rely on fixed-route transit to get them there on time (but transit works okay for the trip home since it is not as time critical). Also 85% need a ride home from grocery shopping, including help with packages.
Spatial	Paratransit goes where fixed routes does not go.
Spatial	Transportation to church/temple/etc.
Spatial	What does it mean for transportation between senior centers?
Spatial-s	Easier courtesy stops where a senior or disabled person can request a stop (drivers refuse) between two designated bus stops.
Temporal	Better arrangement for return trips from doctors—it's hard to predict when you'll be ready to return.
Temporal	Cut backs in fixed-route service are a problem. Can take a bus to go to some places, but by the time one returns home, the bus is no longer running.
Temporal	Decrease the length of ride time for Paratransit.
Temporal	Emergency service – cannot predict ahead for service
Temporal	Increased paratransit capacity to allow for more subscription service on paratransit.
Temporal	Issues of doctors' appointment pick-up time is hard to establish. How can we handle, we need clarification.
Temporal	Same day affordable medical/dental appts very important!
Temporal	Same day urgent trips are a problem for agencies – maybe discounts on taxi service would help
Temporal	Timeliness of service: seniors can not depend on fixed-route to get them there in time. Alternate solution, demand-response, to get them more reliably on time.
Temporal	Transportation for urgent medical appointments.
Temporal	Would like shorter ride times on Paratransit (i.e. shorter than allowed under ADA).
Temporal-s	A service to help people who are stranded because the last bus of the evening never arrives.
Temporal-s	Emergency service to take wheelchair users home if their chairs have broken down or they have been in an accident.
Vehicle	Designate a place on buses for small shopping cart.
Vehicle	Mandatory tie-down.
Vehicles	Ability to get on and off busses, with walker
Vehicles	Area (dedicated) on bus for small shopping carts, stroller, etc. so they could be stored out of aisle and not in the wheelchair seating area.
Vehicles	Focus on light rail not necessarily helpful as fixed routes don't travel where riders need to go quickly or efficiently – why not smaller busses running more frequently
Vehicles	Hard to get on and off trains for disabled

Solano County

Solano County outreach meetings - total people attending meetings: approximately 60

- Solano County Senior Coalition, February 2, 2007 – 40 attendees
- Solano Family Resource Network, February 5, 2007 – 6 attendees
- Solano County PCC, March 16, 2007 – 15 attendees (approx.)

Gap Type	Comment
Connectivity	Coordination
Connectivity	Cost – multiple fares between systems
Connectivity	No Connectors between cities
Connectivity	Rio Vista only has service to Fairfield (County seat) 1 day a week
Connectivity	Trilogy in Rio Vista – no shuttle service or access to health care, no shopping service
Connectivity	Need for connections from N.E. county to Sacramento County for medical trips
Connectivity	Paratransit between Dixon and Benicia needs to be improved – more.
Connectivity	Connections are difficult
Facilities	Fear of violence
Facilities	Inadequate lighting
Facilities	No cover or protection for long waits
Facilities	Access – doors at Fairfield Transportation Center
Facilities	Accessible covered waiting stops with technology
Funding	Multiple fares between cities
Funding	Taxi from Rio Vista to Fairfield is \$50.00 one way
Funding	Transportation vouchers very limited
Funding-s	Benicia Community Action Council provides gas cards for emergency transportation (one time per year). Senior volunteer drivers; however, very limited eligibility
Funding-s	Change Federal criteria for medical facilities to be able to use funds to provide transportation
Funding-s	Having a voucher system for skilled nursing facilities, Sr. Housing, Assisted Living Sr. organizations to be used at the discretion of the staff for transport
Funding-s	Partnership Health Plan offers MediCare HMO plan for low-income seniors & disabled. 6,300 eligible in Solano County. No cost, no premiums, co-pays or deductibles. Covers transportation to medical appointments/routine 20 one way trips/yr. – arranged through their transportation department. Taxi or paratransit as needed. No restriction on cost or length of trips
Funding-s	There needs to be a universal voucher that seniors and disabled people can use on multiple systems and the systems figure out who pays for the trips.
Funding-s	Transportation vouchers
Funding-s	Universal Solano County Transportation pass (like SF)
Funding-s	Use a voucher system to allow existing transportation groups for seniors
Funding-s	Use medical funding to pay for taxis
Funding-s	Use of ambulance - use existing “for profit” transportation for “non profit” for a lesser fee Better coordination of services
Funding-s	Voucher program where sr. can pay friend or neighbor to transport
Information	Communication is needed between providers so senior can be directed to correct provider
Information	Need to recruit help from various service providers in getting info re: appts (ambulance drivers, ER workers)
Information	No bus schedules in Spanish
Information	First Aid center, policy booth, emergency call at transfer centers.
Information-s	Explore why seniors don't access the transportation services that do exist
Information-s	More outreach and transportation options

Gap Type	Comment
Information-s	Need for someone to identify and work with those in need to fill applications to receive transportation services
Information-s	Need help with paratransit applications
Information-s	Orientation of new immigrants
Information-s	Post available transportation to a particular medical site so people can make appts. At the same time
Inter-county	Inter-county transit- have to wait in Napa > not realistic for frail seniors
Organization	Funding silo's – can't commingle funds
Organization	Rio Vista –Dixon shuttle is under used
Organization	Vallejo transportation bus drivers don't pick up passengers in wheelchairs because it puts them behind schedule and they are penalized
Organization	Advancement of elderly driver process and programs
Organization	Need for conversation, coordination, and communication between MTC and other adjacent regions
Organization	Multiple systems confusing (paratransit and fixed route) – fewer systems so that it is less confusing for consumers
Organization	Vision impaired – know what bus stops @ stop. Do drivers announce stop. Braille at consistent place.
Organization-s	Support and expand existing transportation services – esp. the volunteer driving programs (faith in Action, Yara in Dixon, Fairfield Volunteer program)
Other	My recent experience with V.V.'s Ride with Pride. I needed a driver 3 times a week to take me from home to physical therapy at 770 Mason a 7 min. trip I need a driver to pick up 1:45 pm and a return at 2:15 pm on Mon. Wed. and Fri. for a three week period. But I was never able to arrange this even though I offered to pay for the service
Other	Need more options for accompaniment during health visits as well as to and fro.
Other	Highway 12 improvement
Other	I-80 <and I-680> bridge approach
Other	All items on preliminary list are pertinent
Other-s	Companion to travel with them
Pedestrian access	Cross walk light is too short for people w/ wheelchairs to get across the street
Reservations	In Vallejo the paratransit application process takes up to 6 weeks- we need somehow to have an application same day approval for those people in skilled nursing facilities to go out to doctors appointments or a voucher program for anyone in a skilled nursing facility
Reservations	Paratransit so full that srs. have to make appts a week + ahead and have to wait for hours at a time
Spatial	Agree with all those identified on the preliminary list
Spatial	Assistance with ambulating door to door – not just on or off the vehicle
Spatial	Issues of how long you have to wait to get paratransit ride home. Sometimes hours
Spatial	Lack of transportation for out of county services, esp. medical/health services + esp in Dixon and Rio vista
Spatial	Need for door to door service
Spatial	Flag stop <increase> in all cities
Spatial	Concern must be focused also on individuals with different levels of disability accessing place of work, industrial parks
Spatial	Dixon services
Spatial-s	More door to door, 1 on 1, flexible schedules
Spatial-s	More door-to-door services, not only for paratransit
Spatial-s	Rio Vista and Dixon need shuttles to county services
Spatial-s	Trilogy shuttle service/ require Senior housing to provide shuttles
Spatial-s	Vallejo – Runabout transportation for seniors and disabled, some paratransit with lifts
Temporal	Buses don't start early enough (courts, medical appointments), or continue late enough (evening services, work)
Temporal	From Rio Vista or Vacaville you only have a 3 hour span of availability (11AM – 2pm) for appointments in Fairfield. If the court or county office is behind schedule you are stranded. If you don't show up for court you may be arrested.

Gap Type	Comment
Temporal	Long turnaround waiting to be picked up
Temporal	Secondary transportation – people go to doctor but have no ride to do other errands during the wait for the original transportation to return
Temporal	Vallejo paratransit – you must call one week in advance. This doesn't work when you need same day or same week transportation
Temporal	Weekend Service Gaps – weekend mobility improvements thru more fixed route, paratransit, or taxi services
Temporal	Workplace set-up, i.e. shifts, weekend jobs, to coincide with the schedule of city bus, paratransit, etc.
Temporal	Need better transportation on Sundays in Benecia.
Temporal	Buses do not run often enough or long enough (early/late).
Temporal	Simplify fixed route schedules
Temporal-s	Have medical providers try to schedule block appointment for a group of seniors from Dixon or Rio Vista – coordinate the health trips
Vehicles	Getting from Solano County to Bay Area is a lengthy process, Train from Davis to Richmond/BART is great except trying to climb up to train from street is very steep. While Amtrak does have handicap access there is seldom anyone there to assist seniors/disabled to board and it takes about 3 hours to get from Davis to Oakland
Vehicles	Need more medical vans and wheelchair vans
Vehicles	There is not a very good taxi service – it is expensive
Vehicles	Internal design of buses for people with disabilities and seniors (VanHool – no)
Vehicles	Appropriate size of vehicles for times when fewer people ride
Vehicles	More subsidized taxi – ADA taxis

Sonoma County

This document consolidates and summarizes public comment from Sonoma County outreach meetings.
 Total people attending meetings: ~35 at AAA and ~37 at TPCC.

- Sonoma Paratransit Coordinating Committee – January 16, 2007
- Sonoma County Area Agency on Aging – February 21, 2007
- Comments from the web site with county of “Sonoma” selected
- A letter submitted to the Sonoma AAA

Gap Type	Comment
Connections	Coordinated paratransit: 1. hours 2. Ride prices coordinated 3. Hand-to-hand transfers, free fares Coordinate churches for rides to services Consolidate holiday services Centralized reservation services for connections (Frontier Rides)
Connections	Transfer policy – paratransit: City / county schedules and policies are inconsistent. It's easy to get stuck. Either have a “hand-off” rule, or abolish transfers.
Facilities	(Silverman) Benches and shelters (from weather) at bus stops – seniors <u>cannot</u> (in most cases) stand for any length of time.
Facilities	< Road conditions > Health and safety of paratransit drivers – we need accessible roads – they are dangerous in West County. – too narrow - too steep - winter is a big concern - gap is in road infrastructure.
Facilities	Bathrooms
Facilities	Bus stop on opposite side (Santa Rosa Ave.) <i>This was described as “the situation on Santa Rosa Avenue – where you could go but you couldn't come back.”</i>
Facilities	Bus stops have problems themselves
Facilities	Bus stops need SHADE (trees preferred)
Facilities	Bus stops need to <u>face</u> buses to see them coming
Facilities	Buses: shelters are few and far between.
Facilities	Facility (fixed bus stops) <i>may be referring to bathrooms</i>
Facilities	No benches or shelters
Facilities	Rest rooms when you get <u>off</u> the bus? (Not coin operated. These must be clean and safe and someone <u>there</u> to keep it clean.)
Facilities	Restroom availability
Facilities	Restrooms at bus stops – rest stops?
Facilities	Seats at bus stops should be positioned to allow person waiting to see sign on upcoming bus
Facilities	Seats at bus stops are uncomfortable (bumps, rocks)
Facilities	Security
Facilities	Shelters – are inconvenient, many don't meet ADA
Facilities	Stones hurt on benches; cement benches are slanted horizontally
Facilities	Wheelchair accessibility
Facilities-s	Bus provide printed list of restrooms available for each stop. Probably need map for available restrooms.
Facilities-s	Bus provides printed list of available restrooms at various stops; provide directions to available restrooms
Facilities-s	Food/coffee
Facilities-s	More restrooms at bus stops
Facilities-s	More seating to WAIT for a bus

Gap Type	Comment
Facilities-s	More shelters at bus stops
Funding	Federal funds available for capital but much less for operating.
Funding	Funding
Funding	Money gap – not enough to address all of the issues.
Funding-s	\$10 per gallon gasoline
Funding-s	I am a student at both Sonoma State University and Santa Rosa Junior College. I would like fees to be used for public transportation as available and grant reinstated with Sonoma State University.
Funding-s	Increase the cost of driving to subsidize public transportation
Funding-s	More \$ to volunteer transportation programs. →Inc leverage → quick solution
Funding-s	Triage to use \$ for one limited urban area
Information	Commitment to independence – independence to dependence
Information	Lack of education re: using the bus.
Information	Lack of information how transportation agencies differ and/or interact together. If elders can't know how to use the system how can we indoctrinate them to the "new and better" bus system of Sonoma County?
Information	Language barriers
Information	Networking <? Computer?>
Information	Psychological <transition from> independence to dependence
Information	Psychological gap – transition
Information	Psychological transition
Information	Seniors feel trapped – they can't drive at night or at all. They don't understand the complicated bus system and fear the transit mall. They don't understand how to get to medical appointments.

Information	Too many transportation jurisdictions
Information	Transition program?
Information	Transition to dependence
Information	Transportation counselor at the DMV
Information –s	Need for transit education for seniors as soon as they learn they are losing their driver's license.
Information-s	(Silverman) W/ new regulations re. seniors from DMV – there will be more seniors who will not be driving – <u>must</u> have some program(s) in place such as those written up on website for Beverly Foundation.
Information-s	1(800) centralized number – too much fragmentation
Information-s	Better training of drivers / public in behavior management
Information-s	Coordinated agency training on how to use the bus system.
Information-s	Coordinated effort with DMV to educate elderly about transit when their licenses are not renewed.
Information-s	DMV needs to assist and encourage senior drivers to use public transit and provide information about training programs, schedules, etc.

Information-s	Ways of keeping people driving safely longer

Gap Type	Comment
Information-s	Why are seniors not using the bus? Need to address this issue. Engage DMV to counsel seniors re: public transportation. Have this take place when a senior's driver's license is revoked. Encourage a "bus buddy" system. Who is funding it?
Inter-County	Lack of connectivity between public transit systems in 9 Bay Area counties.
Organization	Flexibility and trust at the local level
Organization	Liability fears
Organization	Little or no coordination among schedule of various bus agencies, including paratransit
Organization	Need for funded volunteer driver program in rural areas
Organization-s	(Silverman) Important – look at Beverly Foundation and ITN websites
Organization-s	(Silverman) very important to have a <u>volunteer system</u> of transportation (a la ITN and Beverly Foundation) with volunteer drivers that are available 24/7
Organization-s	"good Samaritan law" to protect volunteers who drive
Organization-s	"ITN" from Portland Maine is another program but costs \$125K to get off the ground and rides for seniors cost \$5-\$8.
Organization-s	Buddy system
Organization-s	Bus driver buddy < not sure what this means >
Organization-s	Centralized county-wide paratransit One stop shop for seniors Transit hub e funded - Transit Coordinators – coordinate volunteer wheels, city bus system, etc. to include <u>bilingual</u>
Organization-s	Collaboration / central
Organization-s	Coordination between City and County transportation
Organization-s	County of Sonoma "Transportation Case Manager"
Organization-s	Debit card < Translink or similar>
Organization-s	Debit card for fare, rather than needing exact change
Organization-s	Develop list (models) for covering insurance for volunteer drivers including use of community health center in the county for insurance coverage.
Organization-s	Develop statewide insurance pool that addresses the need to have low cost insurance for volunteers, taxi vehicles, and drivers, transit, social service agencies. Mechanics can work on other agency vehicles so vehicles can be shared, rides can be assigned to taxis, volunteers can drive those who need it.
Organization-s	Expand Volunteer Wheels – make it easier to use (currently 5 – not 4, not 6 – day)
Organization-s	Family and friends incentives – parking vouchers
Organization-s	Family transport incentives

Organization-s	Volunteers

Gap Type	Comment
Organization-s	We live in the country. We age. Then we want the convenience of living in the city. There is not enough money to bring transportation to everyone that wants it. So you either bring the seniors into the city or find and coordinate volunteers to move the seniors back and forth. Perhaps there could be some funds available to purchase small, efficient and easy to access vehicles that could be used by the volunteers to transport seniors. Drivers should be certified and provided with liability waivers.

Population served	Seniors are 1/5 of population in Santa Rosa 33,000 – to double by 2020. Highest priorities: 1) greatest numbers, 2) most vulnerable
Reservations	Lack of accessible transportation for health care visits for seniors and disabled. Caregivers and community-based services are trying to fill the burden of the transportation gaps.
Reservations	Problem scheduling ride.
Reservations	Schedule pick up times. Areas < that > vehicles travel too.
Reservations	Urgent medical appt. for persons with major medical problems and/or psych appts (prescription)
Reservations-s	Having a van or minibus that would go daily to the city SR < Santa Rosa > to bring pts. to the different hospitals with a return trip later in the day. Could make several drop-offs and pick-ups.
Spatial	(Bob Silverman, OATS 570-2121) distance to bus stop for seniors (ages 70-96) in SR Mobile home parks – can be up to ½ mi. how to these people get to public transit? Must depend on friends.
Spatial	Difficulty in getting to and from public transportation sites. Many of our clients suffer from physical disabilities that preclude walking more than a few steps or cognitive disorders that make navigating or remembering time schedules impossible.
Spatial	Geography, density of population, urban design – cities designed for <u>autos</u> , not <u>people</u>
Spatial	Healthy non-driving seniors need transportation to non-medical appt and social events
